Tell me a little about Unherz?

- Hi, I am Locke, the bassplayer, background singer and textwri-

ter of Unherz.

First of all i would like to thank you in the name of the bandmembers for your interest in Unherz and in our music and for supporting us.

Unherz was founded in january 2008 by andy, our guitarist, our

drummer bogi and me. A few months later our singer felix completed the band.

We knew each other from different bandprojects and decided to do something together. UNHERZ was born...and what we are doing is a combination of German- spoken Hard Rock and raw metal, like a mixture of bands like Die Böhsen Onkelz,

Rammstein and Die Toten Hosen or stuff like that.

Could you tell me a little about your inspirations for your music?

- I think the inspiration for our songs is everywhere. All you have to do is to open your eyes. Look out the window, ride the bus or read a newspaper and you will get more inspiration than anyone could need!

Can you tell me a little about your lyrical themes?

- We're singing about topic that belongs to us. Things that are around us every day. We are not here to tell fairy.

Any thoughts behind the title, Unherzlich Willkommen? It seem a bit like a contradiction.

- If you do socially critical songs that deal with Topic such as the rapists in the Catholic Church or similar assholes, then this entails that you are not welcome any-

where. That's what the title "Unherzlich Willkommen" should mean!

I like the world cup song, how did you come up with the idea to that one?

- I don't know. I think it was our Guitarists Idea to do such a song. And I think it was a good one.

Do you think your song helped the German team?

- If it did we would be World-Champion today ;-)

Which is your favorite song on the record? Why?

- I prefer the harder ones. So I like the songs "Die Bestie" and "Dem Tod so nah" most. But I like the other ones too and i think it has become a very nice Debut- Album.

Are you pleased with how the record turned out?

- Yes. We are all happy with the result.

Of course, sometimes when we are listening to the songs we get new ideas. But these will come on another release....

How would you say the reception have been for the record so far?

- As expected, I think. Some love it and some hate it.

Is there any particular idea in singing in German?

- German is our mother tongue. So why should we sing in another language?

Any final words for our readers?

- I'd like to thank you that you have accompanied us so far. Stay tuned!
